

HISTORY OF BINIBINING PILIPINAS KALAYAAN SEARCH

Binibining Pilipinas Kalayaan (BPK) Search is the brain-child of the Philippine American Mainstream Advocacy For Non-Partisan Associations, Inc. (PAMANA). It emanated and was created under the tenure and leadership team, led by Bill Solar, a Chairman Emeritus. In 2011, the concept was implemented with the goal to develop the leadership skill and confidence of young women.

And of course, Philippine Independence Day commemoration falls in the month of June. At which time, a gala event is usually coordinated as the coronation night of the winner of the Search for Binibining Pilipinas Kalayaan.

The fundamental purposes of the initiative are the as follows:

- To develop the self-esteem of each candidate.
- To develop and instill interpersonal and leadership skills of each candidate.
- To encourage each candidate to give back to the community through volunteerism and other altruistic efforts.
- Through this fundraising effort, thus encompasses and intertwines with the association's objectives.
